REPLY COMMENTS OF
AMERICAN PAGING, INC.

The comments filed by Arch Communications Group, Inc., PacTel Paging, Inc. and Celpage, Inc., in addition to our own, indicate broad support for the establishment of extended implementation options for incumbent (pre-October 14, 1993) systems, the use of state boundaries for determining the geographic scope of "regional" exclusivity and use of 3500 watts ERP maximum for such "regional" systems. The Commission should adopt the proposed changes in its

rules and policies with respect to these matters in reliance upon the extensive support in the record for such action.

Respectfully submitted,

AMERICAN PAGING, INC.
